Experience OG

The OG Estate is a unique brewery destination, surrounded by 100+ acres of pristine nature.

Since 2016, OG Ales is New Brunswick's first and only off grid micro-brewery, crafting premium ales using solar energy, now combined with a luxury lakeside geodesic dome retreat, located on Magaguadavic Lake. The heartbeat of the brewery is an 80-ft long ground mounted solar panel system which generates 20 kwh of power.

We offer premium venue spaces for special events like weddings, product launches, culinary experiences, bachelors/bachelorettes, and private celebrations that combine our state-of-the-art microbrewery with our luxurious dome accommodations.

With over 20 years of hospitality expertise, brand marketing and event planning, owner Tallyia MacMullin will help you create an unforgettable experience!
